WHAT'S IN A NAME?

**IN IRON MAN'S CASE,
THERE'S AT LEAST
16 OTHER NAMES**

(that's how many we found... there
could be many more)

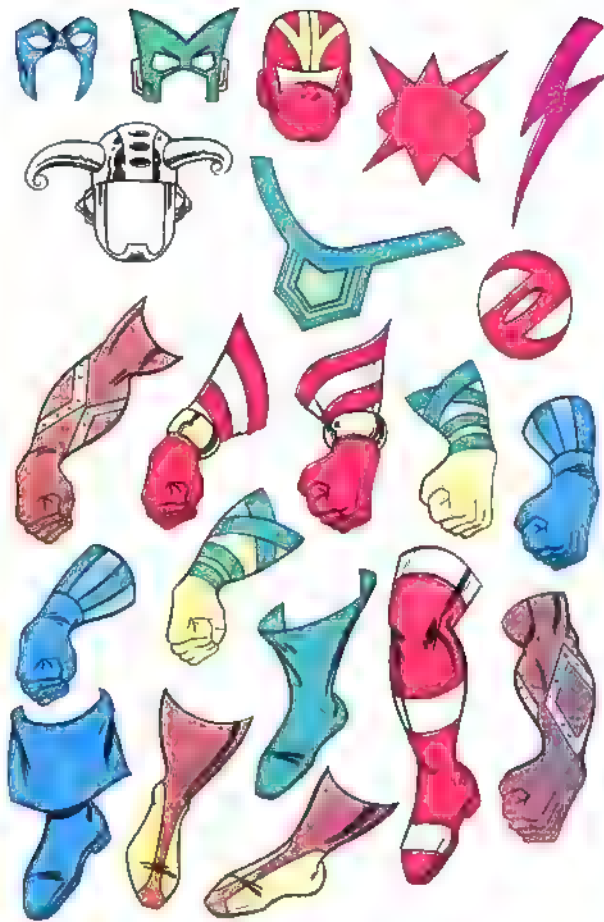

Check it out carefully for men's names, women's
names and even some Marvel character's names.
Put them in the spaces provided all over the page.
(If you found many more than 16, let us know so
we can be as smart as you are).

What would you think if the eraser on your pencil suddenly went berserk and started rubbing out everything in sight? This is what happened recently when The Living Eraser casually strolled into our premises on Madison Avenue and let loose on a number of our favorite characters, some in semi-retirement (who use our offices as sort of a rest home) and others who are just catching a breather between adventures. Fill in the letters that have been erased by our culprit and show him who's boss. Gee! If you can't trust your own eraser, who can you trust?

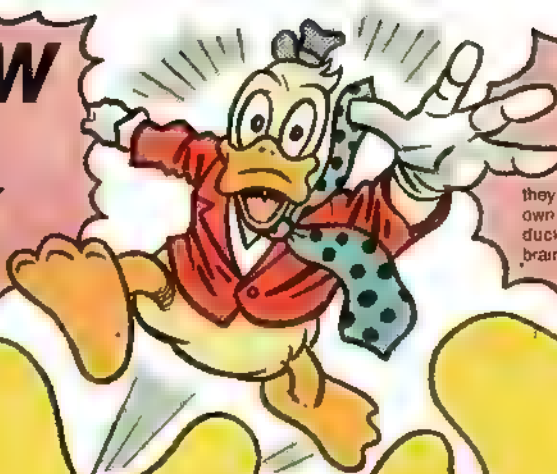

SECRET IDENTITY TEAM-UP

How well do you know your Marvel heroes and supporting stars? Well enough to tell us their real names? Then... here's the chance you've been waiting for. For those newcomers to the World of Marvel, we've scattered the names of these characters and their real names all over this page. Put them in their right places in case even they don't know who they really are.

FOLLOW THAT DUCK

... IF YOU CAN!

Waddle through the Marvel marshes with your fine feathered friend, and ours too Howard the Duck. And, y'know what? After following the fowl prints for miles, they turned out to be Howard's very own and not some foxy duck (foxy duck?) he's been pursuing Bird brained? You said it, nature lover

FANTASTIC

FOUR-WORDS!

Until you start doing research for a puzzle, you never know what you will come up with. The idea here was to dig up as many Marvel characters as possible whose name consisted of only four letters. It went slowly for a time, but then, payday, and we ended up with dozens of them, thanks to our Marvel indexes. Finding something to do with them was something else, but that good-natured Ben Grimm (one of the Fantastic Four) offered his ever-lovin' kisser, and that's exactly where they ended up. It seemed like the right thing to do. Thanks, Benjamin J.
